

LINE

COOLBOX

resistent - sustainable - inteligent

Developed to facilitate your business.

IDEAL FOR TRANSPORTING THERMOLABLES

With XPS internal walls, the Coolbox line is resistant to impacts and temperature variations during transport. Qualified for the transport of medicines, vaccines, blood products and food in various thermal conditions.

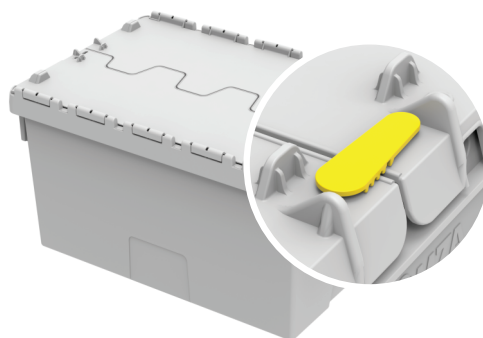

BENEFITS

- Maintains thermal insulation for up to 36 hours;
- Practicality in handling and transport;
- Inviolability during transport;
- Stacking stability guaranteed by the stacking lock and area for placing the strapping guide;
- Modern Design;
- Resistant to impact, oil and temperature variation.
- High resistance;
- Ergonomic handles.

STACKABLE

Greater stability during transport

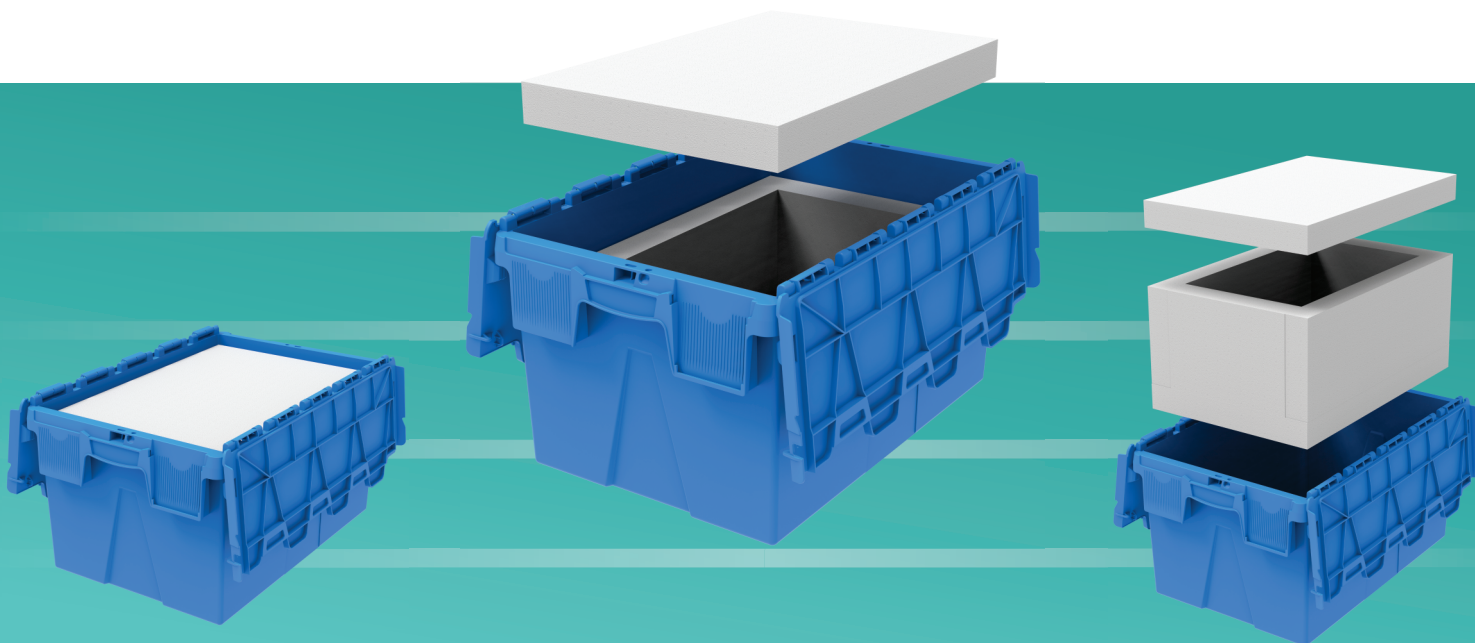

SECURITY SEAL

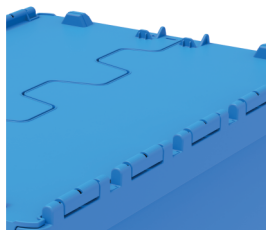

System that guarantees inviolability.

MAKE YOUR BUSINESS EASIER

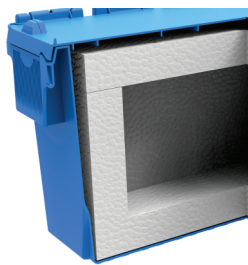

The COOLBOX line has an attached lid and is ideal for handling materials where the handling and efficiency of an organization is vital. The boxes have a system that guarantees inviolability through seals.
